

Indian Leather Manufacturer

TANNERS, MANUFACTURERS & EXPORTERS

WWW.INDIANLEATHERMANUFACTURER.COM

COMPANY HISTORY

Indian Leather Manufacturer created in 1989, is now among India's leading producers of leather apparel and accessories for men, women, and kids. Indian Leather Manufacturer is manned by 500+ committed employees across sections, backed by innovative in-house design and design facilities. The business has 3 advanced manufacturing components, housing very modern machines to keep up with the fast-paced and vibrant global leather industry. This evaluation is equal to a gold rating in LEED. This mill is the first of its type in the leather market. Currently, the business is providing its products to over 25 famous USA & European Brands.

OUR SERVICES

INDIAN LEATHER MANUFACTURER is the principal brand name of S.K ENTERPRISES and is one of the leading leather companies in processing leather sheets into the finest leather products. We have a team of skilled craftsmen and craftswomen for leather manufacturing, who are considered masters in their respective fields. With the use of modern machines and tools, we have been able to do leather manufacturing on complete bulk orders of the entire range of leather products as per international quality standards and deliver the consignment within the stipulated time period. We as a leather company use genuine leather so that the final product could be highly is one of the leading leather companies in processing leather sheets into the finest leather products.

QUALITY CONTROL MANAGEMENT

ILM is ISO 9001:9002 Certified and is an excellent control leather firm that guarantees TQM (Total Quality Management) technology in most leather production procedures. Each finished leather goods are screened by the in-house leather quality management team prior to making it accessible to our clients. Our leather goods are valued for layout, pattern, stitching, durability, and quality criteria of leather. ILM covers each facet such as design, development, raw material sourcing, complete production, complete production management, manufacturing, and leather grade management.

PRIVATE LABEL LEATHER PRODUCT MANUFACTURE

ILM is a customized leather production company that also creates private label leather products. As personal label leather makers, we use designers, based brands, start-ups, and boutique owners because of their production partners. If you're interested in finding a trustworthy, quality leather maker for business and lifestyle leather products under your name, then we could assist you to determine your presence and expand your assortment from the leather goods market.

CUSTOM LEATHER PRODUCTS

ILM is the top-shelf choice for brands and businesses that require a dependable, trustworthy, and user-obsessed custom leather products manufacturing associate. We are a custom-made leather maker, providing the maximum level of dedication and craftsmanship to every brand that operates with us. ILM accepts all custom-made leatherwork, where we personalize the design of goods, leather cloths, cloth linings, hardware, etc.. As custom leather manufacturers, we adore crafting custom leather products, and much greater than that we love our clients, making ILM what it's become now.

DESIGN AND RESEARCH

INDIAN LEATHER MANUFACTURER Includes A Dedicated Design Studio, Wherein A Group Of Designers Create New Products, Treatments And Techniques. Fusion of conventional techniques such as hand padding, hand sewing, knife-cutting, and dip-dyeing with contemporary methods such as laser cutting and embossing makes it prepare a flexible product range.

Aside from its seasonal collections, the organization also works in close association with its customers to come up with a customer-specific merchandise range. The provider's in-house seasonal and customer-specific collections have been showcased in its own showrooms.
